BCACG's Purpose

To provide a collective voice on behalf of all organizations in the Province of British Columbia with a history of applications for gaming licences and/or direct access to charitable gaming funding, in order to represent their interests, issues, and concerns on all charitable gaming activities, policies, regulations, and procedures, and to participate actively in any process and decisions that impact on any of these interests, issues, and concerns.

BCACG needs your continued financial support. Please encourage others to join as well. Your voice is necessary more than ever. We thank you for supporting BCACG in the past and hope to welcome you again this year.
